“Books are the bees which carry the quickening pollen from one to another mind.”

~ James Russell Lowell

**Contest Winners**

Michelle Ta was the winner of a complete set of *Hunger Games* books in a library contest for teens.

Kylie Howard’s poster was the first place winner in the ‘Dream Big, Read!’ poster contest.

**Meet our New Librarian**

You may have noticed a new face behind the Reference Desk. The library is happy to welcome Sergio Ragno III, our new Systems Librarian.

Sergio started working in libraries as a student page at the age of 16. He decided to become a librarian while working in the library at Gettysburg College. While there, he spent a lot of time teaching fellow students about databases and tools available in the library.

Sergio majored in History and Philosophy at Gettysburg College. He then continued his education at the University of Pittsburgh, where he received his Masters of Library Information Science.

In his free time, Sergio enjoys making comics, a hobby he started when he was very young. He has been presenting them digitally since about 2002. His art is on display in the gallery this month.

Sergio will be maintaining the library’s computer systems, developing a new website for the library, and helping customers at the Reference Desk.

**Changes Behind the Check-Out Desk**

Jackie McAleer, a 13-year library employee, has been promoted to the position of Circulation Supervisor.

Jackie will be making sure things run smoothly behind the Check-Out Desk.
**Kid’s Corner**

Our Summer Reading Program, “Dream Big, Read!” continues with stories, music, activities, crafts, a movie, and special programs.

Buddy the Dog will be here on the first to share his dreams with children ages 3-11.

On August 6, stuffed animals will have a sleepover at the library and have lots of fun. Children can come to the library to have brunch with their animals and see what fun they had during the night.

Children of all ages can enjoy Monday @ the Movies when we present “ET” on August 20.

On Wednesday, August 15, children ages 7-11 and a caregiver can meet us at the Edelman Planetarium at Rowan University for “The Secret of the Cardboard Rocket.” Advance online registration is required.

On the 16th, kids ages 0-4 will enjoy “Kids’ Music Round.”

Our Summer Reading Program comes to a close on Wednesday, August 22 when magician Bill Kerwood presents “The Magic of Reading.” Please see the calendar on page 4 for program dates, times and ages.

Please go to the calendar at www.hegganlibrary.org to register for programs.

**Summer Book Clubs for Children and Teens**

There is still time to join our Book Clubs for children and teens.

Children ages 3-11 can pick up a reading log at the librarian’s desk in the Children’s Library. Simply record 10 books they have read or had read to them on the log and turn it in at the Check-Out Desk.

Teens, grades 6-12, can pick up a reading log in the Teen Area of the library, read three books, record the books on the log, and place it in the container in the Teen Area.

In early September, a winner in each contest will be chosen in a random drawing of all completed logs.

The winner of each category will win a $25 Barnes & Noble gift card.

**Wildlife Coming to the Library**

Well, not real animals— they will just look real!

Marine and safari wildlife, in the form of two-dimensional decorations, will be residing in the Children’s Library in the fall of 2012.

These enhancements to the Children’s Library are being created by Seven Mile Design, courtesy of the Friends of the Library.

News of our wildlife invasion will continue as the time of their arrival draws near.

Keep watching!

“*What an astonishing thing a book is. It’s a flat object made from a tree with flexible parts on which are imprinted lots of funny dark squiggles. But one glance at it and you’re inside the mind of another person, maybe somebody dead for thousands of years. Across the millennia, an author is speaking clearly and silently inside your head, directly to you. Writing is perhaps the greatest of human inventions, binding together people who never knew each other, citizens of distant epochs. Books break the shackles of time. A book is proof that humans are capable of working magic.*”

~ Carl Sagan
