Heggan Happenings

MARGARET E. HEGGAN FREE PUBLIC LIBRARY NEWSLETTER

2016 — A Milestone Year for the Library

The library celebrated its 50th Anniversary with a large party on March 5. There was music, candy, speeches and proclamations, a photo booth, children's activities, and more.

The celebration continued throughout the year with special programming highlighting 1966, the year the library first opened its doors.

The library has come a long way since a group of civic-minded women got together in 1965 and decided that Washington Township needed a library. It has grown from a 624 sq. ft. building with 3,500 items in its collection to a 19,600 sq. ft. building with more than 100,000 items in its collection.

Museum Passes Added to our Collection

The library is pleased to announce the addition of three more museum passes to its Museum Pass Program. Adult library cardholders will soon be able to check out a pass to the American Swedish Historical Museum, the National Museum of American Jewish History, and the African American Museum in Philadelphia.

In addition to these passes, the library has passes to the Academy of Natural Sciences, Battleship New Jersey, Camden Children's Garden, Garden State Discovery Museum, Gloucester County Historical Society Museum and Library, Grounds for Sculpture, Independence Seaport Museum, Jersey Shore Children's Museum, Morris Arboretum, National Liberty Museum,

Penn Museum of Archaeology and Anthropology, Pennsylvania Academy of the Fine Arts, Wheaton Arts and Cultural Center, and Woodford Cedar Run Wildlife Refuge.

These passes may be checked out of the library by adult Heggan Library cardholders for free admission to these museums and attractions. The number of people each pass admits varies for each museum. Many of these passes also include discounts on purchases within the museum or attraction.

For more information and the library's Museum Pass policy, please visit the library's website, www.hegganlibrary.org. Information can be found under Adult Services.

DIRECTOR'S CORNER

Library Develops Strategic Plan

The library is required to maintain and revise a strategic plan no less than every three years. At the December meeting of the Library Board of Trustees, the group voted to adopt a strategic plan spanning December 2016 through December 2019. The plan was prepared by Kieserman Media with input from library board members, staff, and the public via focus groups that were held in September 2016. The entire plan is available on our website at www.hegganlibrary.org, and below are the goals of the plan:

GOAL 1 - to create a town meeting program twice a year

GOAL 2 - provide additional customer service training

GOAL 3 - revisit the customer service protocols and revise, if appropriate

GOAL 4 - consider a better approach to training patrons to use the catalog

GOAL 5 - examine and revise the system tracking overdue materials and fines

GOAL 6 - consider ways of further outreaching to area businesses

GOAL 7 - enhance outreach to home schooled children and their parents and provide space and tailored programs for this population during the daytime hours

GOAL 8 - include more non-book related programs such as jewelry making, cooking, gaming, and more concerts for older children in grades 4-6

GOAL 9 - evaluate late afternoon programming for kindergarten-aged children

GOAL 10 - evaluate seating in the Children's area

GOAL 11 - design a new approach for outreaching to teens and millennials

GOAL 12 - promote the large print collection to retired seniors

GOAL 13 - explore new programming ideas for retired seniors

GOAL 14 - encourage patrons to make suggestions for materials they want

GOAL 15 - explore outreach opportunities with area retirement communities

GOAL 16 - explore how to improve the navigation signage over the stacks so that signs designate what a patron will find – biographies, travel books, best sellers, gardening books, etc.

GOAL 17 - evaluate how businesses use the library space as well as how this impacts the noise level

GOAL 18 - evaluate library floor space to maximize its use to contain materials

GOAL 19 - evaluate the purchase of wireless and 3-D printers

GOAL 20 - explore adding a more sophisticated public address system
