## Finding Your Next Great Read is Easy with NoveList

Have you ever finished a great book and wanted to find more just like it? Or wanted to help your child find just the right book to read? The library offers NoveList, a helpful resource to help readers match up with the books that are right for them.

Consider NoveList your one-stop guide to great reading. It contains lists of recommended reads and award-winning books. It covers both fiction and nonfiction titles for all ages from the youngest readers to

adults. It also has extra content like reviews, book discussion guides, curriculum guides, and other book-oriented articles. Book groups and teachers find these resources especially helpful.

Parents, teachers, and students can search by age, reading level, grade, and more.

One of the most popular elements is read-alikes. This feature suggests titles that are 'just like' other titles. If you've just finished a great book, log into NoveList and find great read-alikes.

Ask about NoveList on your next visit to the library. Or look for it on the library website at [www.hegganlibrary.org](http://www.hegganlibrary.org).
