Summer Reading at Library

For children, summer is a time to relax and have fun, without school and homework worries. It is also a time when many children experience learning losses, which occur when

they do not participate in educational activities for an extended period.

The library is a great place for children to relax, have fun,

and enjoy learning. By reading during the summer, and participating in library programs, children retain more of what they have learned during the school year.

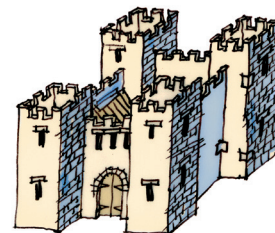

The theme for the library's 2017 Children's Summer Reading Program is "Build a Better World." All

summer long, children will be able to participate in activities that will have them singing, building, crafting, reading, and learning about making the world a better place.

The Children's Summer Reading Program will kick-off on Monday, June 26, when the award-winning, nationally-touring, duo "Two of a Kind" present an interactive concert for children

ages 3-10 featuring songs about making the world a better place,

as well as songs about building, construction, reading, and books. Advance online registration is required for this event. Limited to Heggan Library cardholders only.

DIRECTOR'S CORNER

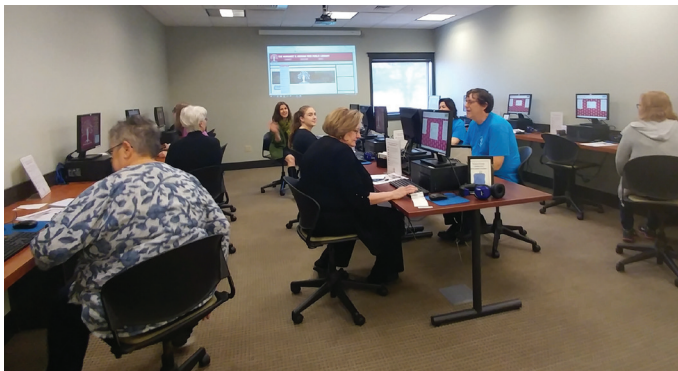

When the library was closed in April 2017 for the parking lot reconstruction project, did you wonder how we spent our time while working? Besides completing regular tasks that we tend to every single day, we also took part in lots of training. Here are some photos!

Sheila Mikkelson, Library Director, taught us how to raise and lower the American flag. Look at that big pile of dirt!

Thanks to the generosity of the Friends of the Library, we were provided with pizza for lunch.

We learned more about library databases from Debra Rosner, Reference Librarian.

We learned about how to handle situations related to fire and active shooters.
