# Bee's Quick Reviews

## Hypnospace Outlaw

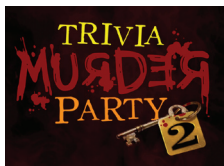

In theory, a computer game that acts as a computer simulator sounds kind of boring, right? At first, I definitely couldn't see what was so interesting when reading the basic summary, but, upon playing it, I knew my first impression was mistaken.

*Hypnospace Outlaw* takes place in an alternate universe version of 1999, in which an invention was created to allow people to browse the Internet in their sleep. The main objective is to find illegal content in this alternate universe version of the Internet and put a stop to it. What seems like a simple concept at first quickly turns into an amazing, story-driven masterpiece of a game. Who could say no to a game that lets you experience getting a massive computer virus without actually harming your real computer? This game gets a solid 9/10 rating from me; it is definitely worth checking out!

## First Impressions: Trivia Murder Party 2

As the person on the Teen Advisory Board in charge of the Jackbox Game Nights, I feel it is only fitting to talk about the recently revealed *Trivia Murder Party 2*. As a huge fan of Jackbox, I have been waiting for the reveal of the first game in the new *Jackbox Party Pack 6* and correctly guessed it would have this long awaited sequel. *Trivia Murder Party* is the game that got most people interested in Jackbox in the first place, so hearing that it's getting a sequel feels both

inevitable and satisfying.

So, what are we to expect from this game? Not much has been revealed yet, but what I do know is that it takes place in a hotel – a little different than the basement setting of the first game. It has also been confirmed that it will have more of a storyline to it, something I'm excited to see after the large amount of lore in *You Don't Know Jack: Full Stream*. From first impressions, I can say *TMP2* is on track to be superior to the original. The first *Trivia Murder Party* will always have a place in my heart, but a more grounded story sounds awesome! I can't wait to see how it turns out.

*“One of the most important things you can accomplish is just being yourself.”*

## BOOK REVIEWS

### Everything, Everything

by Nicola Yoon

Review by J.H.

*Everything, Everything* by Nicola Yoon is an absolutely amazing book. This is a story about the life of a 17-year-old girl, Madeline Whittier, who is being treated for and grows up believing she has “bubble baby” disease. She is not allowed to leave her home or interact normally with anyone outside her home. Actually, Madeline's mother put that idea into her head so that she could protect her daughter from the world and all the dangers in it.

What everyone questions is... What risks will Madeline take when a special boy, Olly, comes into her life? What will she risk so they can be together? This book is a real shocker!

I would rate it 5 stars! Read it!

### Mirror, Mirror

by Jen Calonita

Review by H.H.

The *Twisted Tales* series, originally started by Liz Braswell, is perfect for fans of Disney movies and the

Disney Princesses. Each book is like the movie, until one change in the plot throws off the whole series. The latest book, *Mirror, Mirror* by Jen Calonita, is about Snow White. Unlike the movie, though, this Snow White is much fiercer. After the huntsman lets her go because he cannot kill her, Snow White tries finding allies with the peasants to revolt against the queen. Unfortunately, just when things seem to be working out, the Prince is poisoned instead of Snow White!

I liked this book better than the actual movie because the main character is less wimpy, and the romance is much more believable. Prince Henri and Snow bond while Snow is living with the dwarves; thus, it makes more sense why they'd be in love. In the movie they meet only ONE time before the famous kiss. Snow is also more active in trying to overthrow the queen in this book, while in the movie version she just stays home cleaning until, gullibly, she eats the poisoned apple.

I hope that after reading this review you decide to read this *Twisted Tales* series, especially *Mirror, Mirror*. Happy reading!
